

I wish that I knew what I know now when I was younger , so sings rock artist Rod Stewart. Hi, this is Lon Solomon, pastor of McLean Bible Church. You know we all make lots of mistakes that years later when we look back we can sing these same words about. And often there painful mistakes. So where can you and I go to find wisdom for life in the present? Wisdom that will help keep us from stepping on the land mines. The Bible calls itself a lamp to our feet and a light to our path. A source of wisdom that will help keep us out of the ditches of life. And has God got a deal for you. You can pick this wisdom up at any bookstore and you can consult it for free anytime you want. So why not give it a shot? Not a Sermon, Just a Thought
